

# AUTISM FRIENDLY SCREENINGS

Our Autism Friendly screenings are especially for people on the autism spectrum, their families, friends and carers. To reduce the sensory impact, lights are left on low during the screening and the lights are reduced, and the atmosphere is welcoming and inclusive – it is absolutely fine to move around, make noise or take a break during the film.

We run regular Autism Friendly screenings especially for schools in the week before half-term and school holidays, as well as screenings for families and adults.
